## Veterans Industries

Affiliated with Omeric  
Rehabilitation Inc.

The VA Greater Los Angeles Healthcare Systems Veterans Industries is a rehabilitation program that has provided service for local companies since 1968.

Veterans Industries generates its work from local companies on a subcontract basis. Jobs performed by veterans range from packaging and assembly to the operation of complex machines. Our program has proven to be a winning situation for our veterans as well as for local businesses.

Our veterans can improve their quality of life with opportunities to earn needed income from this beneficial program.

Companies can get a tax cost effective way of receiving completed goods performed by our number one veterans.
